ADVERTISEMENT FOR SUMMER INTERNSHIP PROGRAM APRIL TO AUGUST 2024

Advt. No.:BI/ST/21/2024-25

Bose Institute is going to conduct a summer internship program to offer short term training to the outstanding students in Physical, Chemical and Biological Sciences from various Institutes/Universities from **April to August 2025** for a period of **6-12 weeks**. The training would be conducted by faculty members, selecting students based on their academic interests and merit. Tentatively, 40 students will be selected for the internship program.

Eligibility:

Students who are pursuing Master's degrees (**MSc, MTech, Integrated Masters** etc.) may apply. Exceptional students who have **INSPIRE, JBNSTS, KVPY, NTSE**, etc. awards and are at the Bachelor's degree level in their final year of the degree program may also apply. Minimum eligibility criteria for consideration of the requests are at least **75%** scores (or an equivalent grade) in all major school level examinations [Secondary school examination (10+) and higher secondary examination (10 +2)] and first division marks (**60%** in aggregate or equivalent grade) in Bachelors program. Students who have completed their Master degree, and/or not enrolled to any such degree program are not eligible for this training.

Applications must attach a recommendation/forwarding letter from the Head of the Department/Institution or Registrar/Dean of the University/Institute/College of the candidate in the prescribed format attached.

Candidates should apply **online** only ([click here to apply](#)) and attach a scanned copy of the recommendation/forwarding letter. Original certificates, mark sheets, recommendation letter and identity proof should be presented at the time of joining the training program. Bose Institute will not offer any fellowship, nor any accommodation for the program. Communications regarding any such fellowships/accommodation will not be entertained by Bose Institute. Entry of misleading data in the application form will lead to the rejection of the application.

Tentative timeline of the program:

Deadline for application	March 20, 2024
Announcement of selected candidates	April 1-10, 2024 (Tentative)
Summer training	6-12 weeks, anytime during this window of April 15-August 14, 2025
